Update in Dermatopathology

10 – 12, April , 2014

Belgrade, Serbia

With collaboration of :

Department of Pathology,
Belgrade Medical School

Serbian Association for Pathology

Serbian Association of Pathologists and Cytologists

Welcome Message

Belgrade, April 2014

Dear Colleagues,

It is a great pleasure for me to welcome you in Belgrade for the sixth pathology Course, a new „EScoP Belgrade 2014“. It will be done in two parts, „Introduction“ to the Course, dealing with some clinical and pathological topics from Serbian experts, and second part, the usual model of EScoP Courses, featuring Dermatopathology.

This model was presented by Prof. Bosman, accepted by Education Committee of ESP, but we find the way to incorporate some of local tutors, experts in Dermatology and Dermatopathology.

And I think, this will make better promotion and influence of pathology among our clinical friends.

Like always before, we are sure that the idea of organizing educational Courses in Belgrade is of great importance, mainly for our residents and young pathologists, but also for our young clinicians too. It will demonstrate the importance and the challenge of better mutual collaboration.

The participation of distinguished tutors, their experience and knowledge, and our permanent fight to improve the level of pathology in Serbia, but also in surrounding countries, has allowed us to realize this Course.

I would like to express my sincere thanks to the tutors of this year Course, for their contribution in this project, to support the development of pathology in South-East Europe.

Finally, I wish you a fruitful Course, and an enjoyable stay in Belgrade,

*Prof. dr Jovan D. Vasiljević, FESC, FRCPath
Director of EScoP Belgrade Courses*

Update in Dermatopathology

Local Organizing Committee

<i>Honorary President:</i>	Niki Agnantis
<i>President:</i>	Jovan Lole Vasiljević
<i>Vice Presidents:</i>	Ljiljana Medenica Dimitrije Brašanac
<i>Secretary:</i>	Jelena Sopta
<i>Treasurer:</i>	Martina Bosić
<i>Members:</i>	Sanja Radojević-Škodrić Sofija Glumac
<i>Volunteer team:</i>	Jelena Vještica, Relja Kovačević, Ivana Savić, Ognjen Živković, Branislav Lekić

Faculty

(in alphabetical order)

- Maria Balabanova, MD, PhD, (Sofia)
- Martina Bosić, MD, MSc (Belgrade)
- Dimitrije Brašanac, MD, PhD (Belgrade)
- Arnaud de la Fouchardiere, MD, PhD (Lyon)
- Danijela Dobrosavljević, MD, PhD (Belgrade)
- Sylvie Fraitag, MD (Paris)
- Konstantina Frangia -Tsivou, MD, PhD (Athens)
- Marko Lens, MD, MSc (London)
- Ljiljana Medenica, MD, PhD (Belgrade)
- Dejan Nikolić, MD, PhD (Belgrade)
- Marco Santucci, MD, PhD (Florence)
- Bernhard Zelger, MD, PhD (Innsbruck)

Programme

Thursday, April 10th

Introduction to the EScoP Belgrade 2014 Course

(On Thursday afternoon, there will be lectures and seminars from local tutors)

<u>14.30 - 15.00 h</u>	Lecture: Ljiljana Medenica: Autoimmune bullous disorders: clinico-pathological correlation – diagnostic significance of immunofluorescent tests.
<u>15.00 - 15.30 h</u>	Seminar :practical parts: Autoimmune Bullous Dermatoses - Test yourself - what's your diagnosis? (interactive discussion of several cases).
<u>15.30 – 16.00 h</u>	Lecture: Danijela Dobrosavljević: Pigmented tumors of the skin: non-invasive diagnostics and preoperative estimation of melanoma thickness.
<u>15.30 – 16.30 h</u>	Seminar: Dermoscopy bridging clinics and histology. Interactive quiz on melanocytic tumours and <i>ex vivo</i> dermoscopy (work with participants).
<u>16.30 – 17.00 h</u>	<i>Coffee break:</i>
<u>17.00 – 17.30 h</u>	Slide Seminar: Martina Bosić: Video-microscopic presentation and discussion on adnexal tumors.
<u>17.30 - 18.30 h</u>	Slide session: Dimitrije Brašanac, Martina Bosić: Presentation and discussion of several interesting cases.
<u>18.30 – 19.00 h</u>	Lecture: Dejan Nikolić: Surgical approach to the treatment of melanomas.
20.30 h	<i>Dinner for Tutors</i>

Friday, April 11th

EScoP Belgrade 2014

<u>09.30 – 10.15 h</u>	Lecture: Bernhard Zelger: Vasculitides – a cutaneous approach to systemic diseases (the “Innsbruck model”).
<u>10.15 – 11.00 h</u>	Lecture: Sylvie Fraitag: Multiple nodules in a neonate. A subcutaneous tumor in a child – how to manage them, how to deal with them ?
<u>11.00 – 11.30 h</u>	<i>Coffee break</i>
<u>11.30 – 12.30 h</u>	Slide Session: Bernhard Zelger: Interactive slide seminar with focus on vasculitic problems.
<u>12.30 - 13.30 h</u>	Slide Session: Sylvie Fraitag: Interactive overview of different common cases of Pediatric Dermatopathology (previously participants could see glass slides).
<u>13.30 - 15.00 h</u>	<i>Lunch</i>
<u>15.00 - 15.30 h</u>	Lecture : Maria Balabanova : Spongioform dermatitis - puzzling histological sign of Mycosis fungoides.
<u>15.30 – 16.15 h</u>	Lecture: Marco Santucci: What’s new in cutaneous T-cell lymphomas ?
<u>16.15 – 17.00 h</u>	Slide Session : Maria Balabanova : Pseudolymphoma - diagnostic challenge.
<u>17.00 – 17.30 h</u>	<i>Coffee break</i>
<u>17.30 – 18.30 h</u>	Slide session: Marco Santucci: Presentation of interesting cases.
20.30 h	<i>Cocktail</i>

Saturday, April 12th

<u>09.30 – 10.15 h</u>	Lecture: Arnaud de la Fouchardiere : Binding clinical, histological, and molecular aspects in the diagnostic approach to melanocytic tumors.
<u>10.15 – 11.00 h</u>	Lecture: Dimitrije Brašanac: Histopathological prognostic parameters of cutaneous melanoma in Serbia – single institution experience.
<u>11.00 – 11.30 h</u>	<i>Coffee break</i>
<u>11.30 - 12.30 h</u>	Slide Session: Arnaud de la Fouchardiere :Interactive session using virtual slides in melanocytic lessons.
<u>12.30 - 13.00 h</u>	Lecture: Konstatina Frangia-Tsivou : Pigmented Epithelioid Melanocytoma. [PEM]. New data.
<u>13.00 - 15.00 h</u>	<i>Lunch</i>
<u>15.00 – 15.45 h</u>	Slide Session: Marco Lens: Discussion on decision making in clinical practice: multidisciplinary approach in melanoma treatment.
<u>15.45 - 16.45 h</u>	Slide Session: Konstatina Frangia-Tsivou : Pitfalls in the diagnosis of melanoma (clinico-pathological cases).
<u>16.45 – 17.15 h</u>	<i>Coffee break</i>
<u>17.15 -18.15 h</u>	Slide session: Dimitrije Brašanac, Martina Bosić : Unusual presentation of cutaneous melanocytic lesions and its clinical mimics.
18.15 h	<i>Round table discussion and general conclusions</i>
20.30 h	<i>Dinner for Tutors</i>
