Update in Soft Tissue Tumors

17 – 18, April , 2015

Belgrade, Serbia

With collaboration of :

Department of Pathology,
Belgrade Medical School

Serbian Association for Pathology

Welcome Message

Belgrade, April 2015

Dear Colleagues,

It is a great pleasure for me to welcome you in Belgrade for the seventh pathology Course, a new „EScoP Belgrade 2015“.

It will dile, as usual model of EScoP Courses, featuring „Update of Soft Tissue Tumors “.

This Course, only a little different, was presented in Craiova EScoP 2014.

I think, this will make better promotion and influence of pathology in Serbia too.

Like always before, we are sure that the idea of organizing educational Courses in Belgrade is of great importance, mainly for our residents and young pathologists.

The participation of distinguished tutors, their experience and knowledge, and our permanent fight to improve the level of pathology in Serbia, but also in surrounding countries, has allowed us to realize this Course.

Finally, I wish you a fruitful Course, and an enjoyable stay in Belgrade,

*Prof. dr Jovan D. Vasiljević, FESC, FRCPath
Director of EScoP Belgrade Courses*

Update in Soft Tissue Tumors
