

HISTORY TOUR ALONG THE DANUBE RIVER

Sunday, 6 Sep 2015 → 09:00 – 17:00

This tour will take you back in time. You will visit Smederevo Fortress, situated on the bank of the Danube River. Smederevo was a medieval fortified city and temporary capital of Serbia in the Middle Ages. It is one of the largest fortresses not only in Serbia but in Europe. Afterwards you will visit Viminacium which was a major city and military camp of the Roman province of Moesia (today's Serbia). The city dates back to the 1st century AD, and at its peak it is believed to have had 40,000 inhabitants, making it one of the biggest cities at that time. The exceptional finds made in the necropolis around the town confirm the belief that its citizens were very wealthy, and frescoes found in the crypts represent the peak of late classical period art. Today, the archaeological site occupies a total of 450 hectares and contains remains of temples, streets, squares, amphitheatres, palaces, hippodromes and Roman baths. At the end of the tour follows a 1,5-hour cruise on Silver Lake, one of the biggest and most beautiful lakes in Serbia.
